

Can We Change Our Destiny?

Power Of Conquering Oneself

There has been many evil forces existed before,
but no one could match the level of Ravana.

All devtas, rakshasas, all celestial & earthy beings used to tremble by hearing his name.

Other than being known as invincible & evil,
he was also known to be as the biggest devotees of Shiva,
one of the most knowledgeable person, a very good musician and
an unimaginably capable Astrologer.

He has the ability to manipulate, control & command all the
9 planets according to his choice.

And with this power over planets & knowledge of astrology,
he brought his son Meghnad on this earth with the best ever Horoscope possible.

By the combination of evilness of Ravana & best Kundali, Meghnad was unstoppable.
Even Ravana's power were of no match with the magical powers of Meghnad.

And at a very young age he single handedly defeated devtas & captured the king of devtas Indra as a small gift for his father & thus got a new name
Indrajeet - The one who has conquered Indra.

To face Ravana the king of Lanka was out of reach for anyone because
one has to defeat The Indrajeet first and defeating the one
who has conquered Indra is not an easy job.

Then a vaanar came into picture.
He was creating a mess while eating fruits in Ashok Vatika (VIP garden of Lanka).
When gatekeepers, soldiers, Ravana's younger son Akshay got failed
in stopping and controlling him, then Ravana sent his pride,
his elder son Indrajeet to stop the Vaanar.

But when Indrajeet, the undefeated one, the one with the best horoscope
tried to stop him, he couldn't.

Infact the vaanar made Indrajeet unconscious
and even made his magical powers look useless.

And then vaanar let himself get tied into Indrajeet's ropes at his own will only.

But how is this possible?

Not only Indrajeet, not only all devtas watching from the sky,
even Ravana was shocked that how could any vaanar stands invincible
in front of the one with best Horoscope, the one who captured Indra single handedly.

You know how?

Kyunki ek taraf Indrajeet tha, Aur doosri taraf Indriya Jeet tha.

Although Indrajeet has conquered the Indra but
that vaanar he was facing has conquered the Indriyaas.

And any Indrajeet can never defeat any Indrayijeet.

Indra : The God Of Senses, the one who can fulfill every demand of senses.

Indrajeet : The one who has control over the God of Senses

& thus have access to any amount of sensual pleasures under his command.

Indriyajeet : The one who has control over his Senses.

It doesn't matter how powerful, magical, capable anyone can become,
It doesn't matter how much one conquers, accumulates in the outside world,
He would still remain nothing in front of the one
who has conquered his inside world.

The one who has conquered his inner world is known to be as Mahaveer.
We have heard of many Veers who conquer outside world
but only two persons are known to be as Mahaveers

1. Lord Mahaveer Jain
2. That Vaanar - Mahaveer Hanuman ❤️
